

REGISTRATION NO. : Nagpur/0000492/2023

Being a Life Member of National Level

Association of All Computer Science Teachers (AACST)

Benefits for Organizational Life Members (College/School etc.)

- **Recognition and Accreditation:** AACST membership enhances the institution's accreditation and reputation in computing education like professional standing in NAAC / NBA / NIRF.
- **Faculty Development Programs:** Utilize AACST's resources to implement faculty development programs, improving the overall caliber of computing education.
- **Student Engagement:** Involve students in AACST-sponsored workshops and events, providing networking opportunities and keeping them informed on industry trends.
- **Collaborative Research Opportunities:** Participate in AACST-led projects to promote an innovative and research-focused culture within the organization.
- **Networking Opportunities:** Interact with professionals, industry experts, and other institutions through AACST, fostering partnerships and collaborations.
- **Event Sponsorship and Hosting:** Host AACST events at the institution to increase exposure and notoriety, with additional sponsorship opportunities.
- **Enhanced Visibility:** Active participation in AACST initiatives enhances the institution's visibility at the national level, attracting attention from potential stakeholders.

AACST Organizational Life Membership offers a comprehensive package of benefits, from academic recognition to collaborative research and professional development, positioning institutions at the forefront of computing education.
