DATA SCIENCE BOOTCAMP

DATES

6 – 11 Oct 2026

TIME

6:30 – 8:00 PM

MODE

Online

Valedictory Function: 11 October 2026

Organized by **Association of All Computer Science Teachers (AACST)** in collaboration with **G H Raisoni Skill Tech University, Nagpur**

About the Bootcamp

From Data to Deployment is a national-level online bootcamp that takes learners on a complete journey through data science: from Python fundamentals and data preparation to machine learning, Generative AI and the future of human-AI collaboration. Each evening session is led by an experienced academician or industry expert and chaired by a senior faculty member, blending concepts with practical demonstrations.

About AACST

The **Association of All Computer Science Teachers (AACST)** is a professional body of computer science educators committed to strengthening teaching, learning and research through workshops, bootcamps, faculty development and student programmes.

About the Collaborator

G H Raisoni Skill Tech University, Nagpur partners with AACST in this initiative to bring industry-relevant, skill-based learning to students across the country.

Objectives

- Build strong foundations in Python for data science
- Develop skills to clean, explore and analyse data
- Introduce machine learning and Generative AI
- Prepare learners to apply data science responsibly

Who Can Attend

- UG students of Computer Science, Data Science and AI
- Engineering aspirants
- Research scholars
